

DANCE CODE

WHEN A DANCE IS IN PROGRESS

1. Be mindful of keeping off the floor if a dance is in progress.

2. If crossing the dance floor be sure to walk around the perimeter. This is also a good idea at supper time if carrying drinks.

3. When joining a dance already in progress be sure not to invade the space of dancers already on the floor.

4. Be aware of dancers around you; judge your step lengths and alignments to avoid bumping into others.

5. Learn correct alignments as this will help to avoid collisions with other dancers.

6. If there is any sort of bump or incident on the dance floor, apologise.

7. Be sure to use the entire dance floor - don't cut the corners – this helps keep the circle wide.

8. Keep within your chosen inner or outer circle.

9. Please dance only the programmed dance unless freestyle is a program option**.**

WHEN A LESSON IS IN PROGRESS

10. Please keep conversation volume low if you are not participating in a lesson.

OTHER POINTS

11. Please try to be inclusive of dancers without partners.

12. When it is raining - avoid wearing wet shoes onto the dance floor & store umbrellas in the container provided.
